

ARENAS-oxydes

Liquid disinfection and bleaching agent

- ▶ Laundry disinfectant with gentle oxygen bleach
- ▶ Meets the requirements of EN 14476 and EN 16616
- ▶ Can be combined with ARENAS products
- ▶ Wide spectrum of activity even at a wash temperature of 40 °C
- ▶ For the infection prevention in hospitals and retirement homes

Area of application

Suitable for the thermochemical laundry disinfection (40 °C and 60 °C) of all bleachable textiles. Only use in combination with liquid ARENAS detergents (see table).

Application

Separate the textiles to be washed based on colour and the wash temperatures given.

Laundry disinfection:

Attach the canister to the pump connection for the disinfection component. Dosage takes place automatically through the washing machine's program control. Consumption: no indication possible.

Note

Kiehl accepts no liability or responsibility for damage caused as a result of incorrect use or application of the product. Product with venting cap – store in an upright position only. Not a consumer product according to (EU) 2019/771 Art. 2! For professional use only! Only for professional users with appropriate expertise in accordance with national regulations. Use biocides safely. Always read the label and product information before use.
PT 02

Ingredients (according to 648/2004/EC)

Organic acids, peroxides.
pH value (concentrate): approx. 0.5

Active substances in 100 g:

25.0 g Hydrogen peroxide (CAS: 7722-84-1), 5.0 g Peracetic acid (CAS: 79-21-0).

Classification

Classification (in concentrate): GHS02, GHS05, GHS07, GHS09, Danger. H242 Heating may cause a fire. H290 May be corrosive to metals. H302+H312+H332 Harmful if swallowed, in contact with skin or if inhaled. H335 May cause respiratory irritation. H314 Causes severe skin burns and eye damage. H410 Very toxic to aquatic life with long lasting effects. P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P234 Keep only in original packaging. P273 Avoid release to the environment. P280 Wear protective gloves/protective clothing/eye protection/face protection. P302+P352 IF ON SKIN: Wash with plenty of soap and water. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P308+P311 IF exposed or concerned: Call a POISON CENTER/doctor. P391 Collect spillage. EUH071 Corrosive to the respiratory tract. Contains: Peracetic Acid / Hydrogen Peroxide (INCI)

Art. No.	Packaging unit (PU)	Numbers of PU per pallet
j653110	10 L canister	60
j653121	20 L canister	24
